

Driving Transformational Innovation With Social Creativity

Ziska Fields (University of Johannesburg, South Africa)

Lars Mackel (Chemnitz University of Technology, Germany)

Stephan Sonnenburg (Department of Marketing, ICN Business School CEREFIGE, University of Lorraine, Nancy, France)

Description:

In this era defined by rapid change and global challenges, transformational innovation has become essential for sustainable progress across industries. At the heart of this innovation lies social creativity, the ability of diverse groups to generate ideas and drive meaningful change. By using interdisciplinary collaboration and inclusive thinking, social creativity fuels breakthroughs that transcend traditional boundaries. As organizations and communities seek to adapt and evolve, cultivating social creativity becomes a crucial strategy for fostering innovation that is not only impactful, but also deeply human-centered and socially relevant.

Driving Transformational Innovation With Social Creativity explores how social innovation and creativity can lead to more sustainable, equitable, and resilient societies. This book illuminates how social entrepreneurship, AI, environmental concerns, education, and shifting global power dynamics will shape the future of social change. Covering topics such as AI, entrepreneurship, and education, this book is an excellent resource for leaders, innovators, educators, policymakers, and anyone interested in fostering meaningful change.

ISBN: 9798337327426 **Pages:** 316 **Copyright:** 2026 **Release Date:** 9/26/2025
