

Radical Reorganization of Existing Work Structures Through Digitalization

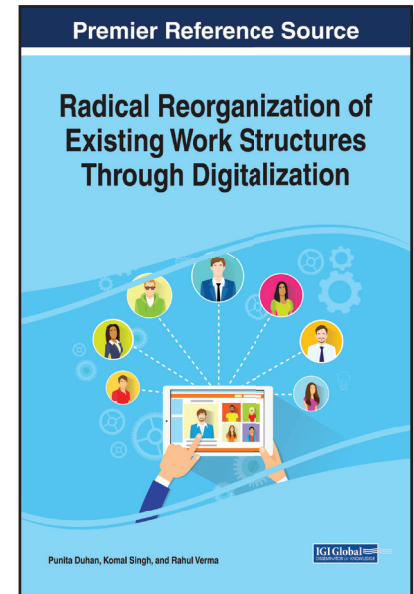

Part of the Advances in Knowledge Acquisition, Transfer, and Management Book Series

Punita Duhan (Meera Bai Institute of Technology, India), Komal Singh (Meera Bai Institute of Technology, India) and Rahul Verma (Bhai Parmanand Institute of Business Studies, India)

Description:

Technological advancements are occurring in many areas of life and society, especially in the field of business. With the increase in advancement, digital technologies are assisting workers and making them more viable in the labor market.

Radical Reorganization of Existing Work Structures Through Digitalization is a critical scholarly resource that examines the endeavors of the digitalization of skill development initiatives for sustainable and inclusive growth and development of organizations and economies worldwide. Featuring coverage on a broad range of topics such as social media, online teaching, and e-learning, this book is geared towards academicians, researchers, and students seeking current research on the advantages of a relationship between the digital world and the workforce.
