

Co-Manufacturing and New Economic Paradigms

Part of the Advances in Finance, Accounting, and Economics Book Series

Giulio Focardi (Osun WES, Italy)
and Lorenza Salati (Osun WES, Italy)

Description:

Workspaces and their design have a vast impact on the comfort and productivity of employees. Therefore, the structure of a workspace can be used to determine the socio-economic characteristics and elements that will appear in the employees that utilize them.

Co-Manufacturing and New Economic Paradigms provides innovative insights into shared workspaces as independent socio-economic environments. The content within this publication explores the ideas of knowledge sharing, work culture, and economic planning. It is a vital reference source for entrepreneurs, business professionals, and researchers, and it covers topics centered on the importance of workspace design and organization.
