

# Multidisciplinary Approaches to Ethics in the Digital Era

Part of the Advances in Information Security, Privacy, and Ethics Book Series

Meliha Nurdan Taskiran (Istanbul Medipol University, Turkey)

Fatih Pinarbaşı (Istanbul Medipol University, Turkey)

## Description:

The digital era has redefined our understanding of ethics as a multi-disciplinary phenomenon. The newness of the internet means it is still highly unregulated, which allows for rampant problems encountered by countless internet users. In order to establish a framework to protect digital citizenship, an academic understanding of online ethics is required.

**Multidisciplinary Approaches to Ethics in the Digital Era** examines the concept of ethics in the digital environment through the framework of digitalization. Covering a broad range of topics including ethics in art, organizational ethics, and civil engineering ethics, this book is ideally designed for media professionals, sociologists, programmers, policymakers, government officials, academicians, researchers, and students.
