

# Utilizing Decision Support Systems for Strategic Public Policy Planning

Part of the Advances in Public Policy and Administration Book Series

Mohamed Timoulali (GTOPIC sarl, Morocco)

## Description:

Advances in GIS technologies have provided a more robust framework for planners and designers. These frameworks offer greater control and monitoring, which can lead to greater accuracy in policymaking and urban planning.

## Utilizing Decision Support Systems for Strategic Public Policy Planning

is an essential research publication that provides comprehensive research on the possibilities of GIS technology for spatial analysis and visualization.

Featuring a wide range of topics such as open data, architecture, and regional development, this book is ideal for design professionals, academicians, policymakers, researchers, professionals, and students.
