

Cultural Awareness and Competency Development in Higher Education

Part of the Advances in Higher Education and Professional Development Book Series

Lynda Leavitt (Lindenwood University, USA), Sherrie Wisdom (Lindenwood University, USA) and Kelly Leavitt (Missouri Baptist University, USA)

Description:

As the world becomes more globalized, student populations in university settings will continue to grow in diversity. To ensure students develop the cultural competence to adapt to new environments, universities and colleges must develop policies and programs to aid in the progression of cultural acceptance and understanding.

Cultural Awareness and Competency Development in Higher Education

is an essential reference book on the latest literature regarding multiculturalism in colleges and universities, focusing on administration and faculty implementation of culturally-aware curriculum to support the development of students' global competence. Featuring extensive coverage on a range of topics including social constructivism, co-curricular learning, and inclusive pedagogy, this publication is ideally designed for academicians, researchers, and students seeking current research on the inclusion of culturally diverse curriculums in higher education.
