

Exploring Cognitive, Psychosocial, and Psycholinguistic Dynamics Across Childhood and Adolescence

Part of the Advances in Psychology, Mental Health, and Behavioral Studies Book Series

Maria Sofologi (University of Ioannina, Greece), Dimitra Katsarou (Department of Pre-school Education and Educational Design, Greece) and Efthymia Efthymiou (Zayed University, Interdisciplinary studies, UAE)

Description:

As the world of education evolves rapidly, understanding the intricacies of emotion, cognition, and language development is becoming increasingly vital. Unfortunately, the existing literature often fails to provide a comprehensive and interdisciplinary approach to this complex subject. This knowledge gap leaves scholars, researchers, and practitioners needing a cohesive framework to navigate the challenges of language acquisition and learning difficulties during critical formative years.

The groundbreaking book **Exploring Cognitive, Psychosocial, and Psycholinguistic Dynamics Across Childhood and Adolescence** offers a fresh perspective by integrating cutting-edge research from psycholinguistics, neuroscience, and developmental psychology. By synthesizing the seminal works of leading scholars and highlighting innovative studies, this book presents a holistic understanding of language development from preschool to adolescence.

Exploring Cognitive, Psychosocial, and Psycholinguistic Dynamics Across Childhood and Adolescence is a comprehensive guide to language acquisition with an interdisciplinary perspective. It emphasizes the critical role of emotional intelligence in learning and provides practical recommendations for creating a supportive environment. This book is essential for scholars and practitioners in psycholinguistics, psychology, education, and developmental sciences.
