

Handbook of Research on War Policies, Strategies, and Cyber Wars

Part of the Advances in Digital Crime, Forensics, and Cyber Terrorism Book Series

Fahri Özsungur (Mersin University, Turkey)

Description:

In the new world order, conflicts between countries are increasing. Fluctuations in the economy and imbalances in the distribution of scarce resources to developing countries can result in wars.

Handbook of Research on War Policies, Strategies, and Cyber Wars

examines the factors that lead to war and the damages caused by war strategies and policies. It is a guide for future generations to develop constructive policies and strategies for living in a peaceful world. Covering topics such as geopolitical consequences, civil liberty, and terrorism, this major reference work is a dynamic resource for policymakers, strategists, government officials, politicians, sociologists, students and educators of higher education, librarians, researchers, and academicians.
