Evolving Corporate Education Strategies for Developing Countries: The Role of Universities

B. PanduRanga Narasimharao (Indira Gandhi National Open University, India), S. Rangappa Kanchugarakoppal (Karnataka State Open University, India) and Tukaram U. Fulzele (Indira Gandhi National Open University, India)

Educational commissions continue to press the need for growth in higher education. In particular, universities in developing countries persist in putting their academic theory into practice by aiming to integrate their intellectual and cultural traditions into higher education.

Evolving Corporate Education Strategies for Developing Countries: The Role of Universities presents the theories and opportunities for integrating corporate education into traditional universities as well as highlighting the professional development in different subject areas. This book provides relevant research important for policy makers, practitioners and scholars of higher education.

Topics Covered:

- Biotechnology Education
- Corporate Education
- Higher Education in Developing Countries
- Knowledge Economy
- Nanotechnology
- Social and Human Capital
- Sustainable Development

ISBN: 9781466628458; © 2013; 377 pp.
