

Handbook of Research on Concepts, Cases, and Regulations in Financial Fraud and Corruption

Part of the Advances in Finance, Accounting, and Economics Book Series

Abdul Rafay (University of Management & Technology, Pakistan)

Description:

During the last few decades, financially and technologically corrupt practices, such as financial and technological crimes, frauds, forgeries, scandals, and money laundering, have been monitored in many countries around the globe. There is a general lack of awareness regarding these issues among various stakeholders including researchers and practitioners.

Handbook of Research on Concepts, Cases, and Regulations in Financial Fraud and Corruption

considers all aspects of financial and technological crimes, frauds, and corruption in individual, organizational, and societal experiences. The book also discusses the emergence and practices of financial crimes, frauds, and corruption during the last century and especially in the current technological advancement. Covering key topics such as financing, ethical leadership, tax evasion, and insider trading, this major reference work is ideal for computer scientists, business owners, managers, researchers, scholars, academicians, practitioners, instructors, and students.
