## Implications of Social Media Use in Personal and Professional Settings

Part of the Advances in Social Networking and Online Communities Book Series

Vladlena Benson (Kingston Business School, Kingston University, UK) and Stephanie Morgan (Kingston Business School, Kingston University, UK)

Social technology is quickly becoming a vital tool in our personal, educational, and professional lives. However, while social networking helps the world stay connected, its use must be further examined in order to determine any possible pitfalls associated with the use of this technology.

**Implications of Social Media Use in Personal and Professional Settings** investigates the paradoxical nature of social networking in our personal lives and in the workplace. Highlighting emergent research and psychological impacts, this publication is an indispensable reference source for academics, researchers, and professionals interested in the application of social media, as well as the positive aspects and detrimental effects of the usage of these technologies.

### Topics Covered:

- Applications of Social Technologies
- Cultural Tourism
- Educational Technology
- Ethical Usage
- Online Classrooms
- Psychological Impacts
- Social Isolation
