

# Economic Growth in Latin America and the Impact of the Global Financial Crisis

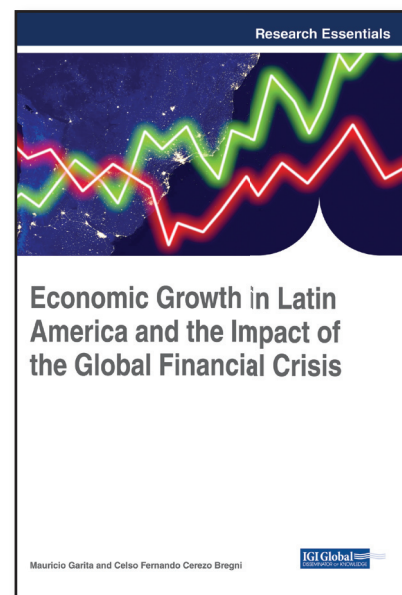

Part of the Advances in Finance, Accounting, and Economics Book Series

Mauricio Garita (Universidad del Valle de Guatemala, Guatemala) and Celso Fernando Cerezo Bregni (Universidad del Valle de Guatemala, Guatemala)

## Description:

As the global financial crisis has touched the entire world, it is important for entrepreneurs, government officials, and researchers to reflect on its long-lasting effects to the economy.

**Economic Growth in Latin America and the Impact of the Global Financial Crisis** is a pivotal reference source containing the latest academic research on risk, economic growth and information security in the Latin American economy. Including coverage among a variety of applicable viewpoints and subjects such as telecommunication, subprime lending, and public education, this book is an ideal reference source for government officials, researchers, academics, and upper-level students seeking innovative research on entrepreneurship and the European debt crisis.
