## Cases on E-Learning Management: Development and Implementation

Harrison Hao Yang (State University of New York at Oswego, USA)  
& Shuyan Wang (The University of Southern Mississippi, USA)

New technologies can help teachers and trainers empower learners and create exciting new learning opportunities for students. However, these facilitators must also create e-learning contexts which are properly scaffolded to serve the needs of learners.

**Cases on E-Learning Management: Development and Implementation** meets this challenge by providing innovative case studies covering a range of topics such as teacher education, mobile and blended learning strategies, e-learning tutorial content, digital cognitive games, Science, Technology, Engineering, and Mathematics (STEM) education, and distance education. This casebook will enhance the work of educators, instructional designers, trainers, administrators, and researchers in the areas of online learning and distance learning.

### Topics Covered:

- Virtual Learning Environments
- Distance Education
- Mobile and Blended Learning
- e-Learning Tutorial Content
- Digital Cognitive Games
- Teacher Education
- Science, Technology, Engineering, and Mathematics (STEM) Education
- Social Networks and Web 2.0
- Internet Technological Pedagogical and Content Knowledge (ITPACK)
- Wiki Collaboration
