

Comprehensive Problem-Solving and Skill Development for Next-Generation Leaders

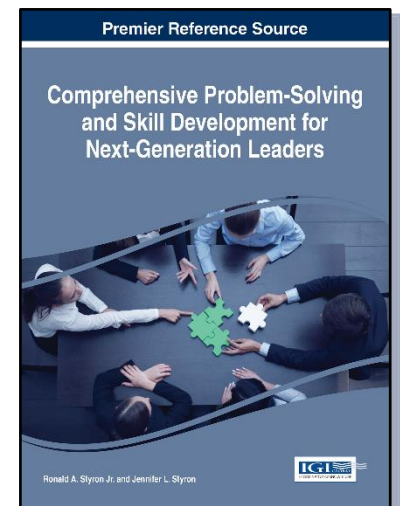

Part of the Advances in Business Strategy and Competitive Advantage Book Series

Ronald A. Styron Jr. (University of Alabama, USA) and Jennifer L. Styron (University of Alabama, USA)

Description:

Effective leadership and management create significant impacts upon any organizations in the modern business realm. To maintain competitiveness and success, those in leadership roles must develop new and dynamic initiatives to solve problems that arise.

Comprehensive Problem-Solving and Skill Development for Next-Generation Leaders is a critical reference source for the latest academic research on the implementation of innovative qualities, strategies, and competencies for effective leadership and examines practices for determining solutions to business problems. Highlights relevant coverage on facilitating organizational success, such as emotional intelligence, technology integration, and active learning.

Readers:

This book is ideally designed for managers, professionals, graduate students, academics, and researchers interested in research-based strategies for obtaining organizational effectiveness.
