

# Globalization and Trade Integration in Developing Countries

Part of the Advances in Logistics, Operations, and Management Science Book Series

Ahu Coşkun Özer (Marmara University, Turkey)

## Description:

In a rapidly globalizing world, commercial relations and regional trade integrations between countries have improved. Analyzing trade relations both inside and outside countries allows for economic improvement.

## Globalization and Trade Integration in Developing Countries

provides emerging research on the difficulties and challenges developing countries face in world trade as well as their performance. While highlighting topics such as economic growth, foreign trade policy, and trade competitiveness, this publication explores the trade integrations and commercial trends in advancing countries. This book is a vital resource for policy makers, government agencies, businesses, academicians, researchers, and students seeking current research on the advantages and techniques of improved international markets and trade.
