

# Security and Privacy in Smart Sensor Networks

Part of the Advances in Information Security, Privacy, and Ethics Book Series

Yassine Maleh (University Hassan I, Morocco), Abdellah Ezzati (University Hassan I, Morocco) and Mustapha Belaisaoui (University Hassan I, Morocco)

## Description:

Security and privacy protection within computer networks can be a challenge. By examining the current problems and challenges this domain is facing, more efficient strategies can be established to safeguard personal information against invasive pressures.

**Security and Privacy in Smart Sensor Networks** is a critical scholarly resource that examines recent developments and emerging trends in smart sensor security and privacy by providing new models, practical solutions, and technological advances related to security. Featuring coverage on a broad range of topics such as cloud security, encryption, and intrusion detection systems, this book is geared towards academicians, engineers, IT specialists, researchers, and students seeking current research on authentication and intrusion detection.

**ISBN:** 9781522557364

**Release Date:** May, 2018

**Copyright:** 2018

**Pages:** 400

## Topics Covered:

- Cloud Security
- Content Centric Networking
- Cryptography
- Cyber Security
- Encryption
- Hybrid Based Detection
- Internet of Things
- Intrusion Detection Systems

**Hardcover:** \$215.00

**E-Book:** \$215.00

**Hardcover + E-Book:** \$260.00
