

CERTIFICATE

This certificate confirms that the manuscript listed below was submitted to the Scientific and Scholarly Editing Service and has undergone a professional pre-publication content review and substantive content editing. In the evaluation of the manuscript, our expert academic editors provide feedback and revision suggestions regarding originality and significance of the contribution, interest to the research community and/or practitioners, coverage of existing literature, satisfactoriness of the methodology, analysis, and comprehension, clear, concise, and jargon-free writing, and organizational structure.
