Simulation in Computational Finance and Economics: Tools and Emerging Applications

Biliana Alexandrova-Kabadjova (Banco de Mexico, Mexico), et al.
ISBN: 978-1-4666-2011-7; © 2013; 378 pp.

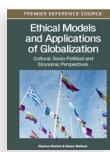

Presents a thorough collection of works, covering several rich and highly productive areas of research including Risk Management, Agent-Based Simulation, and Payment Methods and Systems, topics that have found new motivations after the strong recession experienced in the last few years.

Industrial Dynamics, Innovation Policy, and Economic Growth through Technological Advancements

I. Hakan Yetkiner (Izmir University of Economics, Turkey), et al.
ISBN: 978-1-4666-1978-4; © 2013; 374 pp.

Examines the nature of the process of technological change in different sectors of an array of countries, analyzing the impact of innovation as well as research and development activities on different outcomes in different fields and assessing the design and impact of policies aimed at enhancing innovativeness of firms.

Ethical Models and Applications of Globalization: Cultural, Socio-Political, and Economic Perspectives

Charles Wankel (St. John's University, USA), et al.
ISBN: 978-1-61350-332-4; © 2012; 312 pp.

Presents the work of researchers who seek to advance the understanding of both the ethical impact of globalization and the influence of globalization on ethical practices from various cultural, socio-political, economic, and religious perspectives.

Advancing Technologies for Asian Business and Economics: Information Management Developments

Dasho Karma Ura (Centre for Bhutan Studies, Bhutan), et al.
ISBN: 978-1-4666-0276-2; © 2012; 329 pp.

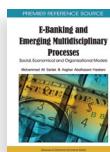

Promotes and coordinates developments in the field of Asian and Chinese studies, as well as presents strategic roles of IT and management towards sustainable development with emphasis on practical aspects in Asia.

Advanced Analytics for Green and Sustainable Economic Development: Supply Chain Models and Financial Technologies

Zongwei Luo (The University of Hong Kong, Hong Kong), et al.
ISBN: 978-1-61350-156-6; © 2012; 264 pp.

Focuses on the development of innovative techniques and tools that answer urgent questions in the global trend of sustainable economic development. Chapters in this work provide a valuable resource for business managers concerned with the development of green business and application of low carbon practices.

E-Banking and Emerging Multidisciplinary Processes: Social, Economical and Organizational Models

Mohammad Ali Sarlak (Payame Noor University, Iran), et al.
ISBN: 978-1-61520-635-3; © 2011; 350 pp.

Emphasizes emerging e-banking theories, technologies, strategies, and challenges to stimulate and disseminate information to research, business, and banking communities.

E-Adoption and Socio-Economic Impacts: Emerging Infrastructural Effects

Sushil K. Sharma (Ball State University, USA), et al.
ISBN: 978-1-60960-597-1; © 2011; 350 pp.

Identifies the multidimensional impact of e-adoption and provides theoretical and practical solutions for policy makers, managers, and researchers in government, industry, and academia.

International Exploration of Technology Equity and the Digital Divide: Critical, Historical and Social Perspectives

Patricia Randolph Leigh (Iowa State University, USA), et al.
ISBN: 978-1-61520-793-0; © 2011; 350 pp.

Presents research that centers on the historical, political, sociological, and economic factors that engender global inequities. Acquiring such insights and knowledge is an important step towards rectifying socially ingrained inequities and a necessary step in working towards global justice in meaningful ways.

Service Science for Socio-Economical and Information Systems Advancement: Holistic Methodologies

Adamantios Koumpis (ALTEC Information & Communication Systems S.A., Greece)
ISBN: 978-1-60566-683-9; © 2010; 372 pp.

Sheds light on a variety of issues and shortcomings of service-based economies by analyzing situations and modern practices that improve the way researchers, field practitioners, and ICT professionals account for their core business service-related activities.

Sustainable Economic Development and the Influence of Information Technologies: Dynamics of Knowledge Society Transformation

Muhammed Karatas (Mugla University, Turkey), et al.
ISBN: 978-1-61520-709-1; © 2010; 416 pp.

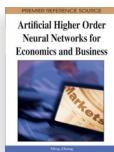

Provides relevant theoretical frameworks and the latest empirical research findings in the area of information technology as it relates to sustainable economic development and the development of knowledge societies.

E-Strategies for Technological Diffusion and Adoption: National ICT Approaches for Socioeconomic Development

Sherif Kamel (American University in Cairo, Egypt), et al.
ISBN: 978-1-60566-388-3; © 2010; 352 pp.

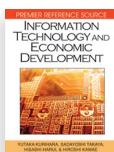

Provides comprehensive coverage and definitions of the most important issues, concepts, trends, and technologies related to the adoption, diffusion, and adaptation of national electronic strategies for ICTs in socioeconomic development.

Artificial Higher Order Neural Networks for Economics and Business

Ming Zhang (Christopher Newport University, USA), et al.
ISBN: 978-1-59904-897-0; © 2009; 542 pp.

Artificial Higher Order Neural Networks for Economics and Business is the first book to provide practical education and applications for the millions of professionals working in economics, accounting, finance and other business areas on HONNs and the ease of their usage to obtain more accurate application results.

Information Technology and Economic Development

Yutaka Kurihara (Aichi University, Japan), et al.
ISBN: 978-1-59904-579-5; © 2008; 403 pp.

Collects defining research on the impact information technology (IT) has on fields such as politics, education, sociology, and commerce, with a unifying focus on the benefits of IT for developing countries, which have not been clearly defined.

Outsourcing and Offshoring in the 21st Century: A Socio-Economic Perspective

Harbhajan S. Kehal (University of Western Sydney, Australia), et al.
ISBN: 978-1-59140-875-8; © 2006; 482 pp.

Covers various aspects of outsourcing and offshoring and the influences, challenges, and socio-economic impacts of this phenomenon. It provides information as to the economic impacts to developing, as well as developed, countries, using case studies to highlight pertinent points.

The Economic and Social Impacts of E-Commerce

Sam Lubbe (Cape Technikon, South Africa), et al.
ISBN: 978-1-59140-043-1; © 2003; 280 pp.

Addresses issues associated with the advent of e-commerce, and its significance within society.

Handbook of Research on Open Source Software: Technological, Economic, and Social Perspectives

Kirk St. Amant (Texas Tech University, USA), et al.
ISBN: 978-1-59140-999-1; © 2007; 766 pp.

This authoritative publication examines how the use of open source software (OSS) affects practices in society, business, government, education, and law. It provides a balance of theoretical perspectives, experiences, and cases in relation to these key areas.
