

Increase the Discoverability, Citation Impact, & Indexing Eligibility of Your Open Access Research

Under open access authors retain the copyright (CC BY license) of the article/chapter enabling them to share the contents of their contributions without restriction.

- Share Your Research with Your Library:** Contact your librarian to ensure that your research is integrated into their system to ensure that your entire institution access your article. *You can also contact your librarian to encourage that they integrate IGI Global's InfoSci-Open e-Collection, which provides streamlined access to all IGI Global's OA content. [Learn >](#)*

- Share Your Research with Your Colleagues:** Outreach to your network of colleagues, peers, and fellow researchers in your field with a direct link to your article and encourage them to utilize your research and share it outwardly.

- Share on Digital Channels:** Upload your article on personal websites, blogs, university department websites, and more.

- Share on Social Media:** Share your article on your Facebook, LinkedIn, and Twitter accounts continually. *Tag @IGIGlobal to be featured on IGI Global's Facebook, Twitter, or LinkedIn.*

- Share on Scholarly Collaboration Networks:** As your article is published under OA, you can share your article on platforms, including ResearchGate, your Google Scholar profile, Academia.edu, etc.

- Share with Associations and Organizations:** Share your research with any organizations, associations, or societies that you are a part of to see if there are any opportunities to widely share your content.

- Submit to Institutional and Subject-Specific Repositories:** Submit your research to your institutional repositories, as well as any subject-specific repositories. *Note: We are actively working towards submitting your research to DOAJ and major industry OA repositories.*

- Share Your Research at Conferences:** Conferences, online events, and more are ideal opportunities to encourage individuals to download and view your research and we can provide customized materials to assist you in sharing your title.

- Utilize in Courses and Integrate into Course Syllabi:** Integrate your research and any of IGI Global's gold OA journals into your course, as this research will be freely accessible to your students.

- Share with Subject-Specific Media and Outlets:** Outreach to notable media outlets and research-focused outlets to share your research and note why it is important to the community, applicable to current events, and more.

- Include in Email Signature:** As email is becoming one of the main communication methods, integrate your research link into your email signature and share it on all emails.

- Outreach to Associations, Organizations, & Societies:** Outreach to associations and organizations that can collaborate with IGI Global in promoting this publication.

- Contribute to IGI Global's Newsroom:** Authors and editors are welcome to submit article ideas, Q&A articles, as well as guest pieces to be featured on [IGI Global's Newsroom](#).

For More Information Regarding These Actions or Open Access, Contact IGI Global's Author Relations Team at authorrelations@igi-global.com or 717-533-8845.
